

INDEX OF VOLUME 86 (2002)

The format of the 2002 *Bulletin* index consists of titles, authors, and keywords. Beginning at the left, column one references a regular *Bulletin* article (BU) or a *Bulletin* abstract (BA). Column two indicates the volume and issue numbers (8602 = volume 86, issue number 2). Column three gives the page number. Column four indicates whether the entry is by title (T), author (A), or keyword (K). The fifth column is the entry itself. Please note that this index does not show multiple authors in any one listing; each author is listed separately.

A complete index of authors and titles from 1917 through 2002 is available in digital format from Datapages, Inc., P.O. Box 979, Tulsa, Oklahoma 74101.

- BA 8606 1146 T 1998 USGS petroleum resource assessment of the Arctic National Wildlife Refuge 1002 area and adjacent state waters
- BU 8601 192 T 2001-2002 AAPG distinguished lecturers; international distinguished lecture abstracts
- BU 8601 196 T 2001-2002 AAPG distinguished lecturers; North America distinguished lecture abstracts
- BU 8610 1847 T 2002-2003 distinguished lectures; abstracts
- BA 8606 1150 T 3D pre-stack depth migration in permafrost transition, Point Thomson Field, North Slope, Alaska
- BU 8606 935 T 4-D evolution of rift systems; insights from scaled physical models
- BA 8606 1162 T A 3D VSP Schrader Bluff survey at Milne Point, North Slope Alaska
- BA 8606 1156 T A conodont-based temporal and spatial framework for the Triassic of North America
- BA 8606 1149 T A digital atlas of hydrocarbon accumulations on the North Slope of Alaska
- BU 8608 1489 T A hydrogeologic study to optimize steamflood performance in a giant oilfield; Kern River Field, California
- BA 8606 1144 T A kinematic model for the Phanerozoic deformed belts of northeastern Ellesmere Island, Arctic Canada
- BU 8603 417 T A method for assessing statistical significance and uncertainties for calibration of 1-D thermal basin maturation models
